Swap hunting and fishing tales of seasons past!

State Officer DWCO Alex Gergar of the PA Game Commission (PGC) will be doing a brief presentation on the history and future mission of the PGC. He will be available to answer any questions regarding current wildlife, hunting, law enforcement, and legislative issues.

There will be a display of illegally taken wildlife that was confiscated by the PGC in Northampton County during recent law enforcement operations. A short synopsis will be presented for each species.

The display is hands-on. Included will be free handouts on current issues and wildlife education, with a free PGC tote bag. We hope all wildlife enthusiasts can attend!
